

- Structure big tall long -
 elongated n/ narrow.
 - Resembles Tech facility
 a plant.

- Sleuth -

- Yes Development?

- Existed here.

- Along lines of RMS
 + Resonant Test A over. But
 + Science Applications

low density, complex
 systems.

modernized small
 systems

small micro-
 systems - could use

- Down Conn

- PSM

(2)

Creek

Small / Heavy / bed m.
 smaller class
 Submarine
 Water

Stewart / Stewart
 Stewart

other structures +
 combined - m. sta
 structures.

Lat. 20° 00' N. 100° 00' W.

Rounded off (Slope is

high on the first

high interest

Submarine

Red

smaller faster, like the
 Tornado -

Low intensity effects

(3)

+ smaller faster

- submarine / use a bomb

faster model

like a lion move

- more complex aspect

- more computerized

- micro chip size

- Robot submarine / yes

- Out in water to collect / ocean info

(P.M.)

Weaponry

Devices put on snap

X-ray snap

three Peter Potay Rutter

- Sophisticated weapons

Hunt *yes* *print* *(4)*

yes

1

Structure -

Content

* Developmental Activity -

Structure - big angles, tall, long, elongated with windows

Resembles - technical facility
resembles - plant -

is there any developmental?

(Sketch -)

Yes

existed here for some time

SNR

RNR

- along the lines

Placed - logical thinking
concerned ^{with} low density.

giving work to Balatier

* Subtropical

Steuwert

pass lands -

other structure (outdoor looks

(2)

modernized small weapons
systems

D -

came down to

Structure relay

Complex-
personnel

strategic in nature
Soviet design -

describe Area

Small cloudy

Cold -

Suby

Submarine (maybe water

Nearby

Subtropical

Stenewert

Other structure (outdoor looks

③ Combine your nature
with other structures
Gates - not so much

Gates -
an area rounding
off.

place is high on list
to know what is going on

Chemical

? Is develop. activity have to do
with submarines?

Yes

Smaller faster, zipping through
system for low intensity conflicts
Smaller

4

Submarine hold weaponry
moving thru waters
like a lion - moving
fast.

Is it actively something
used by Sub

Yes

Sub itself is more complex-
computerized -
no man on board -

? Robot Sub?

Yes

Can go out in waters & collect
info - come back on tape
voice matching

5

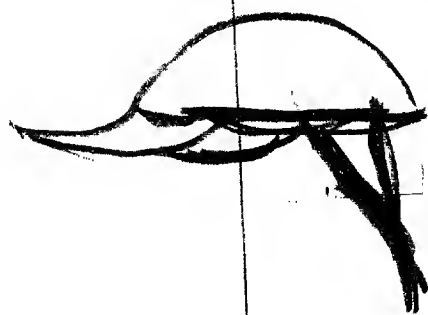

Weaponry
devices put on snap +

unsnap -
little tiny Bombers -
going off in different directions

Piter
Rotas
Ritter

DIA + Contractors working on
this

Do plans intend for men to be
on Board? Yes
